INDEX

ACETYLCHOLINE, adrenaline and potassium and the Elasmobranch auricle, 45.

——, atropine and curare as antagonists of, 520.

——, ——, eserine and nervous integration, 371.

Acetylsulfanilamide, excretion of sulfanilamide and, 197.

ACEVEDO, D. Motor control of the thoracic duct, 600.

Action potentials, polyphasic, 652.

Activity, appetite and, on a corn diet, 147.

ADAMS, W. L., C. S. WELCH and B. B. CLARK. The effect of sodium bicarbonate on gastric secretion, 356.

——. See CLARK, VAN LOON and ADAMS, 64.

ADOLPH, E. F. See ROBINSON and ADOLPH, 39.

Adrenal cortex preparations in experimental shock, 481.

—— —— response to carbon arc irradiation, 604.

—— cortical extracts in traumatic shock, 460.

Adrenalectomized rats, dietary choice and appetite of, 70.

Adrenalectomy, 17-hydroxy-11-dehydrocorticosterone and, 499.

Adrenaline, acetylcholine and the elasmobranch auricle, 45.

ALLEN, W. F. Distribution of cortical potentials resulting from insufflation of vapors into the nostrils and from stimulation of the olfactory bulbs and the pyriform lobe, 553.

——. Results of prefrontal lobectomy on acquired and on acquiring correct conditioned differential responses with auditory, general cutaneous and optic stimuli, 525.

ALTAMIRANO, M. See LUCO and ALTAMIRANO, 520.

Anaerobic survival of adult animals, 366.

Aniline, acute methemoglobinemia produced by, 64.

Anoxia and effect of cobalt on work performance, 399.

Antithromboplastic activity in plasma, 265.

Appetite and activity on a corn diet, 147.

——, influence of vitamin D on, 693.

——, thyroid abnormalities and, 139.

Arterial response to intracranial hypertension, 347.

Ascorbic acid and epithelium in tissue culture, 21.

ASHWORTH, C. T., E. E. MUIRHEAD, O. F. THOMAS and J. M. HILL. An analysis of the thiocyanate method for determining the distribution of the body fluids, 255.

Asphyxiation, cord, tone and tendon reflexes after, 617.

ATKINSON, A. K. See GESELL and ATKINSON, 745.

Atrophy and regeneration, neuromuscular, vitamin E in, 183.

Atropine and curare as antagonists of acetylcholine, 520.

—— and uterine response to nerve stimulation, 178.

——, eserine, acetylcholine and nervous integration, 371.

Auricle. *See* Heart.

BALDES, E. J. See ESSEX, HERRICK, BALDES and MANN, 351.

BERRYMAN, G. H. and J. L. BOLLMAN. The effect of experimental hepatitis on the plasma proteins of the immature rat, 592.

—— —— ——. The effect of experimental hepatitis on the plasma proteins of the pregnant rat, 596.

——, —— and F. C. MANN. The influence of the liver on the proteins of the blood plasma, 556.

BIDDER, T. G. See GREGG, SHIPLEY and BIDDER, 732.

Bleeding disease of swine, blood vessel defect in, 117.

Blood cells, red. *See* Erythrocytes.

—— constituents, effect of intravenous gelatin on, 438.

—— during shock, vasoconstrictor substance in, 386.

—— flow, coronary, and right ventricular pressure, 726.

Blood plasma, antithromboplastic activity in, 265.
—— ——, influence of liver on proteins of, 556.
—— —— proteins and hepatitis, 592, 596.
—— pressure and vagus control of cardiac activity, 675.
—— —— changes, hyperventilation, and cortical responses, 335.
—— ——, effect of diethylstilbestrol on, in hypophysectomized rat, 17.
—— —— response to carbon arc irradiation, 604.
—— pressures after complete transection of spinal cord, 217.
—— serum phosphate and calcium in traumatic shock, 299.
——, shed, vasoconstrictor action of, 26.
—— sugar of chicks after insulin injection, 563.
—— —— of rat, diurnal rhythm in, 109.
—— vessel capacity, pulmonary, respiratory changes in, 95.
—— —— defect in bleeding disease of swine, 117.
Bobey, M. E., L. P. Longley, R. Dickes, J. W. Price and J. M. Hayman, Jr. The effect of uranium poisoning on plasma diodrast clearance and renal plasma flow in the dog, 155.
Bollman, J. L. See Berryman and Bollman, 592, 596.
——. See Berryman, Bollman and Mann, 556.
Bond, D. D. See Rosenblueth, Daughaday and Bond, 464.
Boron, effect of manganese and, on rat incisor, 233.
Bozler, E. Tonus changes in cardiac muscle and their significance for the initiation of impulses, 477.
Bradbury, J. T. See Dury and Bradbury, 135.
Brain circulation and reactivity of autonomic medullary centers, 661.
——, fore-, basal, influence of, on electrocorticogram, 410.
—— lesions and conditioned reflexes, 525.
—— metabolism, 193.
—— —— during electronarcosis, 171.
Brain. *See* Cortical.
